Company Profile

Date of Incorporation

Total Transportation Solutions Inc., broke away from the Van Lines moving industry as an independent carrier and was incorporated in October 1994.

Company Roots

The Operations team of Total Transportation have over 120 combined people years of experience in the high value products transportation and service industry. These team members have originated from companies such as North American Van Lines, Allied Van Lines, High-Tech Express, and Travelers Transportation.

Company Focus

Having in-depth experience in moving various types of computers, electronics and items of extreme value, Total Transportation has evolved to be an exclusive mover of High Value Products. We are not involved in moving household goods or commercial offices. The company mission is to earn the recognition and reputation for being the best service entity in this high image, high value products industry.

Size and Operating Locations

<i>Head Office</i>	Scarborough, Ontario Morningside @ 401	66,000 square feet
<i>Branch</i>	Calgary, Alberta North East near Airport	11,000 square feet
<i>Branch</i>	Vancouver, British Columbia Annacis Island	21,000 square feet

All sites are geared to exclusively serve the High Value Products industry. Currently Total Transportation employs 65 personnel. Each warehouse facility is equipped with electric forklift instead of propane forklift so as to reduce dirt and eliminate air pollution.

Fully Tailgate Equipped

Unique to the industry, Total Transportation's entire fleet is equipped with power liftgates. All 5 tons, and highway trailers are equipped with 6,600 pound capacity liftgates (2,000 pound on cube vans). This allows for ground load or unload services while on route, less risk of damage and increased service schedules.

Climate Control Service

As an added service, climate controlled highway trailers are available in the fleet to protect the most sensitive product from the effects of the environment. They are factory insulated including ceiling, floors, walls and doors and a proper vapour barrier. Even the inside of the logistic posts are insulated. The Thermo King climate unit mounted to the front wall and can provide pinpoint on board temperature control.

The First Impression

Total Transportation leads the industry when it comes to image, appearance, and professionalism on the job. You will find our crews in full uniform, polite and presentable, our trucks clean, well maintained, and washed weekly, our equipment new and our on board supplies such as floor protection, pads and straps, complete. You have to see it to believe it.

A Word From The President

Total Transportation Solutions Inc., will out perform and out service any competitor to earn and keep your business. We will continue to develop branches, services and lanes to best serve our customer. We will emerge as the number one mover of High Value Products in Canada.

We will achieve this through consistently delivering a high image, high quality service. We will keep every promise, arrive on time, and always be prepared. We are setting the new standard for how to move High Value Products throughout Canada and the United States.
